SUBJECT: BLUE LANTERN LEVEL 3: PRE-LICENSE END-USE CHECK  
ON APPLICATION 050101174

REF: BLUE LANTERN GUIDEBOOK 2006

11. This is an Action Request. See paragraphs 2-4.

12. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests posts' assistance in conducting a pre-license check on application 050101174 for the export of a laser rangefinder receiver to Thailand. Posts are requested to complete this Blue Lantern check within 30 days. Lack of response to a Blue Lantern check will affect pending and future applications involving parties to this license.

13. Reason for request: unfamiliar foreign end-user and foreign consignee. Foreign end-user Laser Research Company and foreign consignee Genetron Engineering Corporation Ltd. have appeared on only a very few previous license applications, and their bona fides have never been verified by a Blue Lantern check. Posts should make appropriate inquiries to verify the bona fides of Laser Research Company and Genetron Engineering Corporation Ltd. and to confirm the legitimacy of the proposed transaction. The following questions are provided as suggested guidance:

ACTION EMBASSY BANGKOK, questions for the National Science Agency of Thailand:

--Are you familiar with Laser Research Company?

--Is Laser Research Company an official participant in the "Development of Eyesafe Laser Rangefinder" project sponsored by the National Science Agency of Thailand with a project period of 2003-2008? What is the nature and scope of the company's work for your agency? Does the company need the eyesafe laser rangefinder receiver listed on this application in order to perform its work for your agency?

--Will Laser Research Company's relationship with the National Science Agency continue after the "Development of Eyesafe Laser Rangefinder" project ends this year? If so, in what capacity? Does the company have relationships with any other Thai government agencies?

ACTION EMBASSY BANGKOK, questions for Laser Research Company:

--Does the company have proper supporting documentation from the National Science Agency of Thailand for this proposed transaction? When did it first establish a relationship with the Agency? Does the company have relationships with any other Thai government agencies?

--Will the company be handling or storing the items listed on the application? If so, does it have secure facilities and

proper accounting and security procedures for handling these sensitive USML items?

--When was the company established and who are its principals?

--What is the nature of its business -- what types of items does it handle, does it serve as a broker?

--What types of organizations are among its typical customers and where are the customers located?

--Does the company understand the restrictions on United States Munitions List (USML) items, especially the prohibition against unauthorized re-transfers and re-exports?

ACTION EMBASSY SINGAPORE, questions for Genetron Engineering Corporation Ltd.:

--Does the company have proper supporting documentation for this proposed transaction?

--Will the company be handling or storing the items listed on the application? If so, does it have secure facilities and proper accounting and security procedures for handling these sensitive USML items?

--When was the company established and who are its principals?

--What is the nature of its business -- what types of items does it handle, does it serve as a broker?

--What types of organizations are among its typical customers and where are the customers located?

--Does the company understand the restrictions on United States Munitions List (USML) items, especially the prohibition against unauthorized re-transfers and re-exports?

14. ACTION EMBASSIES BANGKOK AND SINGAPORE: Department requests that posts conduct site visits to Laser Research Company and Genetron Engineering Corporation Ltd. in order to provide Department with assessments of their business operations and on-site security. If a site visit is not possible, please inform PM/DTCC case officer. Finally, posts are asked to assess whether the companies appear to be reliable recipients of USML items. End action.
